USDA issues recall of ground beef at Liberal's National Beef

Through the National Beef parking lot on a bus that left Tuesday, it wasn't because of a USDA recall. It was due to intense problems Friday and Saturday that shut down phone and computer lines. The plant had to reduce a shift and a half of labor for the day but everything's back up to normal today. However, the USDA did issue a recall Tuesday of ground beef from National Beef due to possible E. Coli contamination. (Jeff Jennifer/Photo)

Recall involves 22,737 lbs. of raw ground beef

Despite rumors, National Beef was not shut down Tuesday due to an E. Coli contamination.

However, the United States Department of Agriculture Food and Safety Inspection Service did issue a recall Tuesday to National Beef of ground beef products due to "possible" E. Coli contamination.

According to the press release, FSIS said National Beef is recalling 22,737 pounds of raw ground beef.

The problem was discovered through routine FSIS monitoring, which confirmed a positive result for E.coli O157:H7 the statement stated. The contamination determined the firm was the sole supplier of the source contaminated by positive the positive product. FSIS and the company have no reliable reports of illness associated with consumption of these products.

The following products are subject to recall:

- 10 lb. packages of "National Beef NGO Coarse Ground Chuck, package code 'NGO'.
- 10 lb. packages of "National Beef NGO Coarse Ground Beef, package code 'NGO'.
- 10 lb. packages of "National Beef NGO Coarse Ground Chuck, package code 'NGO'.

All these products have a "USE BEFORE FEBRUARY 24 2013" on the

Hungry days

End of school means end of meals for some children

By RACHEL COLEMAN
• Leader & Times

Ask any child what's the best thing about summer, and he or she is likely to reply, "No school." The many students in Liberal, however, the end of school means less eventually. That and the cost for those children and those who have the USD 480 summer school program. Through the district's state criteria, those students have eventually been eventually, in the summer school locations at Washington Elementary, Cottonwood Intermediate and Liberal High School. The district also delivers such lunches to the Seward Co. Boys and Girls Club Parks and Recreation Building at Bing Stewart Park.

The Seward Co. Boys and Girls are available to anyone. Of an example, but most of the kids that have been participating are enrolled in summer school, and most of the students Cottonwood Intermediate Grade Hugh Kelly.
