

This week's N.E.L.L. yard of the week goes to Clifford West of 607 N. Missouri. This is a yard that was not well kept three years ago. Clifford started seeding, watering and mowing his yard about three years ago, and residents have watched it go from a yard in much need of care to a yard that looks good all the time. Clifford also was a winner of the Yard of the Week last year, and he is carrying on the tradition this year. People can go by his yard at any time and it is green and looks good. In the picture from left to right is Max Phelps and C.J. Wettstein, N.E.L.L. members and Clifford West. Keep up the good work Clifford. N.E.L.L. likes to see people take pride in their property and their community. Congratulations Clifford. Courtesy photo
