At its Sept. 16 meeting, the Seward County Commission approved a bid from Liberal's Southern Office Supply for a mailing system.

The system was recommended by county clerk Stacia Long at a cost of \$492 per month for a period of 36 months.

The new system was a replacement for a postage machine as part of the county's capital improvement plan.

On Sept. 25, Southern Office had brought in a contract for the mailing machine stating the business could offer \$422 per month for 39 months, which would actually save the county about \$1,300.

However, with the motion from Sept. 16 on the board, the item needed to be brought back to the commission before a lower price could be accepted.

New mail system

The proposed contract is on the commission's agenda for tonight's regular meeting, which is scheduled to begin at 5:30 p.m. in the commission chambers in the Seward County Administration Building.

County staff has recommended that the board direct Long to sign the lease agreement in the amount of \$422 per month for 39 months with funding to come from county equipment amending the Sept. 16 motion.
