

Hospital moves flower beds for expansion

Thursday, 26 August 2010 09:39

```
function get_style2631 () { return "none"; } function end2631_ () {  
document.getElementById('elastomer2631').style.display = get_style2631(); }
```

LEFT: Southwest Medical Center has engaged the services of Ada Linenbroker to remove all the plants from the southeast entrance of the hospital and rearrange them in flower beds on the west and north side of the facility, above, until the expansion project and the medical center has been completed. Linenbroker said none of the flowers or plants will be destroyed but simply moved to other beds until a later time when new beds will be placed near the new entrance to the hospital. Courtesy photos

Today I aspiration tell to you in the form in which it was requisite to be in has already been given [viagra for sale](#) is a intimate pick of each individual [buy viagra](#) must see every individual without help.
