**Planting tips, when real spring arrives**  
Amanda Bell

Depth and soil temperature are important in deciding when to plant. Gardeners should wait until the soil is warm and the weather is consistently in the 50s before planting. It's best to wait until the ground has warmed up and the weather is consistently in the 50s before planting. It's best to wait until the ground has warmed up and the weather is consistently in the 50s before planting.

**Garden City school district community approach differs from that of Liberal**

The Garden City School District Board of Education is currently reviewing a budget proposal for the 2013-2014 school year. The board is expected to meet on May 1st to discuss the proposal. The board is expected to meet on May 1st to discuss the proposal.
