### Planting tips, when real spring arrives

Deepen your garden's enjoyment in the early spring by planting a variety of flowers and shrubs. The weather is just what you need to get your garden in the best of health. Here are some tips to help you get started.

1. Choose plants that are suited to your climate and soil. 2. Plant in the shade of a tree or shrub to protect them from the sun. 3. Water regularly, but don't overwater. 4. Fertilize your plants with a balanced fertilizer. 5. Prune your plants regularly to keep them healthy.

### Garden City school district community approach differs from that of Liberal

Garden City school district officials say their approach to community involvement is different from that of Liberal. The district is focused on providing a high-quality education for all students, while Liberal is more focused on community events and activities.

The district is currently reviewing its budget and is looking for ways to improve its services. The district is also looking for ways to increase its revenue and reduce its expenses.
