Board updates prom policy

Elected leaders look at housing shortage

The board of directors of the Washington State Board of Education met Tuesday to discuss the state's housing shortage. The board members discussed the impact of the housing shortage on the state's education system and the need for more affordable housing. The board also discussed the state's current housing policy and the need for more aggressive action to address the shortage.

The board also discussed the state's current housing policy and the need for more aggressive action to address the shortage. The board members discussed the impact of the housing shortage on the state's education system and the need for more affordable housing.
