**City, county asks for exemptions from new concealed carry law**

By Tom Ichniowski  
Reporter

By the time of June 20, 2013, the city of Okmulgee and the county of Nowata are asking for exemptions from the new concealed carry law that will take effect on July 1, 2013.

The law, which is part of the Oklahoma Statewide Concealed Carry Act, requires that anyone who carries a handgun in a vehicle must have a license to carry a handgun. The law also requires that anyone who carries a handgun in a vehicle must have a license to carry a handgun.

The city and county are asking for exemptions from the law because they believe that the law is not in the best interests of the community. They believe that the law will create a public safety hazard and that it will be difficult to enforce.

The 5-State Fair, which is held in Okmulgee, Okla., is celebrating its 100th anniversary this year. The fair is one of the largest and oldest fairs in the United States and is a major attraction for the region.

The fair is held on the grounds of the Okmulgee Fairgrounds and is open to the public. It features a wide variety of exhibits, including agricultural displays, livestock shows, and entertainment.

The fair is a major source of revenue for the city and county and is an important part of the local economy. It is also a great opportunity for the community to come together and enjoy a day of fun and entertainment.

**Doctor: Driver in Okla. train wreck had bad eyes**

By Tom Ichniowski  
Reporter

A doctor has said that the driver of a train that derailed in Oklahoma last week had bad eyes. The doctor, who is a specialist in eye care, said that the driver's vision was so poor that he was unable to see the tracks ahead of him.

The train, which was carrying a large amount of coal, derailed on the tracks near Okmulgee, Okla. The train was traveling at a high speed and the derailment caused a large fire to break out.

The doctor said that the driver's eyes were so bad that he was unable to see the tracks ahead of him. He said that the driver's vision was so poor that he was unable to see the tracks ahead of him.

The fire that broke out after the train derailed in Okmulgee, Okla., last week. The fire was caused by a coal spill and a large amount of coal was scattered around the tracks.
