## Common questions about day care facilities

**BY KERRY STEIN**  
Parents often have questions about day care facilities, especially when they are considering options for their children. Here are some common questions and answers to help you make a decision.

**Q: How do I choose a day care facility?**  
A: Start by asking for recommendations from friends and family. Visit the facility and talk to the director. Check the facility's license and accreditation. Ask to see the children and talk to the staff.

**Q: What should I look for in a day care facility?**  
A: Look for a clean, safe, and well-maintained facility. The staff should be trained and qualified. The facility should have a good reputation and be licensed by the state.

**Q: How much does day care cost?**  
A: Day care costs vary widely depending on the facility and the location. Some facilities offer sliding scale fees based on family income.

**Q: What are the benefits of day care?**  
A: Day care can help children learn social skills, develop their language and cognitive abilities, and provide a structured environment for learning.
