Missouri/Kansas see increase in drowning deaths

Missouri and Kansas have seen an increase in drowning deaths over the past few years, according to a report from the Centers for Disease Control and Prevention. The report shows that drowning is the leading cause of death for children aged 1 to 14 in both states. In Missouri, there were 107 drowning deaths in 2011, up from 93 in 2010. In Kansas, there were 87 drowning deaths in 2011, up from 78 in 2010.

Developer asks for multi-year delay on wind farm

A developer has asked for a multi-year delay on a wind farm project in Sevier County. The developer, who is currently in the process of securing permits, has requested a delay of up to three years. The reason for the delay is that the developer is currently in the process of securing permits and is having difficulty obtaining them. The developer is currently in the process of securing permits and is having difficulty obtaining them.

Firefighters douse hay bale fire after battling blaze for more than 48 hours

Firefighters doused a hay bale fire after battling the blaze for more than 48 hours. The fire, which started in a hay field, spread rapidly and threatened nearby structures. Firefighters from several departments worked tirelessly to contain the fire, and finally succeeded in dousing it after more than 48 hours of battling the blaze.

TUESDAY
