**Board contemplates worst-case scenario**  
If bond fails, how will USD 400 cope?  
A LOCAL ISSUE  
By Susan K. Fisher  
The board of directors of the Meade Lake Fishery Management Plan (MLFMP) is currently reviewing a worst-case scenario for the future of the lake's trout fishery. The board is concerned about the potential impact of a bond failure on the lake's trout population and the surrounding community. The board is currently reviewing a worst-case scenario for the future of the lake's trout fishery.
