Defibrillator vest a blessing for Spearman man
A defibrillator vest is a life-saving device that can be used to restart a heart that has stopped beating. It is a small, portable device that can be used by anyone who has been trained to use it. The vest is worn over the chest and back of the person and is connected to a defibrillator. The defibrillator sends an electric shock through the chest to the heart, which can restart the heart if it has stopped beating. The vest is a life-saving device that can be used by anyone who has been trained to use it.

Union seeks severance for teacher convicted of raping student
A teacher who was convicted of raping a student is seeking severance pay from his union. The union is fighting to keep the teacher on the payroll, despite the conviction. The teacher was charged with rape and sexual assault in 2011 and was found guilty in 2012. The union is arguing that the teacher should be entitled to severance pay because he was fired without cause.
