Crowds relive Washington's 1776 river crossing

A group of people in a small boat on a river, participating in a historical reenactment of the 1776 river crossing. The boat is filled with people dressed in 18th-century attire, and they are navigating through a narrow channel of water. The background shows a wooded area with trees and a bridge in the distance.

Las Vegas cab driver finds \$300K in back seat

City approves new plan allowing city staff to also have concealed-carry rights

4-H Shooting Sports offers BB gun season. Thursday, December 26, 2013. LEADER & TIMES. Their daily news is now for 227 cents.

Monday night on a crowded street in Las Vegas, a cab driver found a large sum of money in the back seat of his vehicle. The driver, who was on his way to a customer, noticed the money when he opened the back door. The money was in a bag and was worth approximately \$300,000. The driver turned the money over to the police, and the money was returned to its rightful owner. The driver was praised for his honesty and integrity.

United Way campaign hits 30 percent of goal

Dallas VA hospital refuses to accept 'Merry Christmas' cards

A woman holding a card that says 'Merry Christmas'. The card is red and white with a festive design. She is smiling and looking at the camera.

United Way campaign hits 30 percent of goal. Dallas VA hospital refuses to accept 'Merry Christmas' cards. The hospital has received many cards from patients and staff, but they have decided not to accept any cards that say 'Merry Christmas'. The hospital is a private facility and does not have a religious affiliation. The hospital officials said that they want to be inclusive and respectful of all patients and staff.

Kansas growers focus on cotton's potential. Kansas growers are focusing on the potential of cotton. Cotton is a major crop in Kansas and is expected to continue to grow in popularity. Growers are investing in new technology and techniques to improve cotton yields and quality. The state government is also providing support for cotton growers through various programs and initiatives. Cotton is a versatile crop that can be used for a variety of purposes, including clothing and industrial products. The cotton industry in Kansas is a vital part of the state's economy and is expected to continue to thrive in the future.
