National Beef to shut California plant, cites tight cattle supply

Additional processing could be seen locally

National Beef

National Beef Holdings Co. plans to shut its California plant, citing a tight cattle supply, and says it may move additional processing to Kansas. The company says it will shut the plant in California by the end of the month. The plant has been operating since 2008. The company says it will move processing to Kansas, where it has a larger cattle supply. The company says it will also move processing to other states, where it has a larger cattle supply. The company says it will also move processing to other states, where it has a larger cattle supply.

Obama running out of reasons to reject Keystone XL
