Woody Allen's allies cast doubt on sexual abuse claims

Woody Allen's allies cast doubt on sexual abuse claims

NEW YORK (AP) — Woody Allen's allies on Monday cast doubt on the sexual abuse claims of a woman who says she was sexually abused by the filmmaker in the 1970s.

The woman, who is now 40, says she was sexually abused by Allen when she was 13 years old. She says she was sexually abused by Allen for several years, from 1972 to 1977.

Allen's allies, including his lawyer and several former girlfriends, say the woman's claims are unfounded. They say she is trying to ruin Allen's reputation and his career.

Allen has denied the claims for years. He has said that he and the woman had a consensual relationship when she was 13 years old.

The woman's claims have caused a major scandal in the film industry. Allen is one of the most successful filmmakers in the world, and his work has been widely praised.

The woman's claims have also caused a major scandal in the legal system. She has filed a lawsuit against Allen, and the case has attracted a lot of media attention.

The woman's claims have also caused a major scandal in the public's mind. Many people are questioning Allen's character and his behavior.

Nothing controversial in Super Bowl ads

Nothing controversial in Super Bowl ads

NEW YORK (AP) — Many Super Bowl ads are so tame, they could be shown on a children's television channel, critics say.

The Super Bowl is the most-watched television event in the United States, and it is known for its commercial breaks. This year's Super Bowl is expected to have the highest ratings in the history of the game.

Many of the ads shown during the Super Bowl are considered to be very tame. They often feature cute animals, children, and heartwarming stories.

Some of the ads have even been criticized for being too sentimental. One ad for a pet food company featured a dog and a person's hand, and it was described as "heartwarming" and "touching."

Other ads have been criticized for being too commercial. Some people feel that the Super Bowl should be a place where advertisers can promote their products without being too obvious.

Despite the criticism, the Super Bowl remains a major event in the United States. It is a time when millions of people gather to watch the game and enjoy the commercials.
