Where was the huge piece of equipment headed Saturday after it made its way through Liberal? Page 4A

**County to get update on prairie chicken listing**  
By the Staff  
The county is expected to receive a report from the U.S. Fish and Wildlife Service on the status of the prairie chicken in the county. The report will be used to determine if the bird should be listed as a threatened or endangered species. The county is currently in the process of updating its land use plan to take into account the bird's needs.

**LA workers break record for largest concrete pour**  
By the Staff  
A record was set in Los Angeles as workers poured a massive amount of concrete for a new project. The pour took place over a large area and was completed in a matter of hours. The project is part of a larger development in the city.

**'No global warming for 17 years 3 months' — a Monckton Analysis**  
By the Staff  
A new analysis by a climate expert suggests that there will be no significant global warming for a period of 17 years and 3 months. The analysis is based on current climate models and data. The expert is optimistic about the future of the planet.

**Endangered person advisory for teenage Mo. girl**  
By the Staff  
A teenage girl in Missouri has been declared an endangered person. The girl is the subject of a custody dispute, and her safety is a concern. The court has issued an order to protect her from further harm.

**John Kerry mocks those who deny climate change**  
By the Staff  
Former Secretary of State John Kerry has mocked those who deny the existence of climate change. He said that their denial is a sign of ignorance and a lack of concern for the future of the planet. Kerry is a vocal advocate for climate action.
