LA workers break record for largest concrete pour
By the Staff
A record was set in Los Angeles as workers poured the largest concrete pour in the city's history. The pour was for a new bridge and was completed in just 12 hours. The concrete was poured from a height of 100 feet and was a massive engineering feat.

John Kerry mocks those who deny climate change
By the Staff
U.S. Secretary of State John Kerry has mocked those who deny climate change. He said that those who deny climate change are "in denial" and that they are "ignoring the science." He said that climate change is a real and urgent threat and that we need to take action now.

Endangered person advisory for teenage Mo. girl
By the Staff
A teenage girl in Missouri has been named as an endangered person. The girl is 17 years old and has been identified as a potential victim of human trafficking. The Missouri Department of Social Services has issued an advisory for her safety.

No global warming for 17 years 3 months — a Monckton Analysis
By the Staff
A new analysis by a climate scientist has found that there has been no global warming for 17 years and 3 months. The scientist, James Hansen, said that the data shows a significant cooling trend in the atmosphere. He said that this is evidence that climate change is not occurring as predicted.
