**Delay won't quell 2014 wrangling over Keystone XL**  
BY JEFFREY HARRIS  
The Keystone XL pipeline project is still in the air, with no sign of a final decision. The project has been delayed for several years, and the debate over whether to approve it continues. The project is a 1,700-mile pipeline that would transport oil from Canada to the Gulf Coast. The project has been approved by the Obama administration, but it has faced significant opposition from environmental groups and some states. The project is still in the air, with no sign of a final decision.
