Seward County Health Dept. can help with vaccines for people of all ages

It's not just for children. The Seward County Health Department has a variety of vaccines available for people of all ages. The department is currently offering a variety of vaccines for children, including the measles, mumps, and rubella (MMR) vaccine, the diphtheria, tetanus, and pertussis (DTaP) vaccine, and the polio vaccine. The department also offers vaccines for adults, including the influenza vaccine, the pneumococcal vaccine, and the shingles vaccine. Pregnant women gain new options under health law

WASHINGTON (AP) — The health care law signed by President Obama in 2010 has opened up new options for pregnant women. The law allows women to get a second medical opinion if they are not satisfied with their doctor's advice. It also allows women to get a second opinion if they are not satisfied with their doctor's advice. The law also allows women to get a second opinion if they are not satisfied with their doctor's advice.
