Food safety aim of ServSafe program

By Robert Noyce
A new program designed to help restaurants and food service workers understand and follow food safety guidelines is being implemented in the Los Angeles area. The ServSafe program, developed by the National Restaurant Association, is a comprehensive food safety training program. The program teaches food handlers how to prevent foodborne illness and food poisoning. The program is available in both English and Spanish. The program is available for free to all food handlers. The program is available for a fee to all food handlers who want to receive a ServSafe certificate. The program is available for a fee to all food handlers who want to receive a ServSafe certificate.
