### Food safety aim of ServSafe program

**By Robert Noyce**  
Spartanburg

Local food service workers are being trained in food safety through the ServSafe program. The program is designed to help workers understand the importance of food safety and how to prevent foodborne illness. The program is available to workers in a variety of food service settings, including restaurants, hotels, and catering companies. The program is a requirement for workers in many states, including South Carolina. The program is a free, self-paced, online course that takes about 2-3 hours to complete. The program is available in both English and Spanish. The program is a requirement for workers in many states, including South Carolina. ### County is well prepared if E. coli breaks out

**By Robert Noyce**  
Spartanburg

The Spartanburg County Health Department is well prepared to respond to an outbreak of E. coli. The department has a plan in place that includes notifying the public, identifying the source of the outbreak, and providing medical care to those who are affected. The department has also been working with the local food service industry to improve food safety practices. The department has been successful in preventing several outbreaks of E. coli in the past. The department is confident that it is well prepared to respond to any future outbreaks.

### Double drowning in Beaver County lake

**By Robert Noyce**  
Spartanburg

Two children were killed in a double drowning incident in a lake in Beaver County. The children were 10 and 12 years old. They were swimming in the lake when they became separated from their parents. The children were found floating in the lake. The parents were notified by a neighbor. The children were taken to the hospital, but they did not survive. The incident is a tragedy. The parents are grieving the loss of their children. The incident is a reminder of the importance of water safety. Parents should always supervise their children when they are swimming. Children should never swim alone. Children should always wear their life jackets. Children should never drink alcohol or use drugs when they are swimming.

### Portland teachers miss class 14 days a year

**By Robert Noyce**  
Spartanburg

Portland teachers miss class 14 days a year. The study found that teachers miss an average of 14 days of work each year. The study was conducted by the National Education Policy Center. The study found that the most common reasons for missing work are illness, family emergencies, and vacation. The study also found that teachers who miss more work are less likely to be promoted or receive raises. The study is a reminder of the importance of teacher attendance. Schools should have policies in place to support teachers who are absent. Schools should also have plans in place to ensure that students receive the same quality of education when their teachers are absent.
